A bright red petal tinged with brown;
A golden leaf upon the ground;
A sky of brilliant azure blue;
A purple pansy's velvet hue;
A flight of ducks across the sky;
A field of corn - half cut, half high;
A green lawn, touched with winter's white;
A lot more dark and a lot less light.

Council Meeting, Monday, September 28

Centennial Committee Recommendations:

Mr. Rudy Scheibelhofer representing the St. Albert Centennial Committee presented the following resolutions:

1. "that a draft agreement between the interested parties, the Centennial Committee, the Institute of Western Canadian History and the Town of St. Albert, be prepared to work together for the implementation of the proposed Centennial Project of a Museum, Archives and Research Centre to be situated in St. Albert, and for that purpose, the Centennial Committee be authorized to use the Centennial Grant and to raise and disperse funds for the proposed Project. This proposal to be submitted to Council for immediate approval in principle of Council."

2. "that Council be requested to grant an amount of \$500.00 for the use of the Centennial Committee for the purpose of sponsoring public relations and advertising."

The total cost of the Museum Project will be approximately \$500,000. Councillor Fowler moved that the town support the St. Albert Centennial Committee as mentioned in their resolution #1, and Councillor Wheatling moved that "providing Federal and Provincial approval, the Centennial Committee will receive a \$500 Grant for promoting and advertising the Centennial Project". Both motions were unanimously carried.

LONELINESS

THE YOVILLE HOME
by Merle Vacirca

Recently a St. Albert lady dropped in on a resident of the home to see if he'd like a game of checkers the following day. The next day being Sunday, Mr. R. might have visitors and so the lady said she'd call in later in the week. A few days later this letter came in the mail.

Dear Friend,

After you left here I figured you thought I did not want to play checkers because I did not figure out a time and way to play. I would be very glad to have a game. I have lots of time as I can not speak French. I am alone playing solitaire.

Perhaps you expected to play when you came. I never thought of it as it was near suppertime. They would rush in with my tray and put it on the table we play on.

I lie down after noon lunch until near 1 o'clock and around 4 to 4:45. If you happened to come when my door is closed just knock on it and I will be ready. We can play in my room or in the men's smoke room. Hoping you will come to play.

I remain,
Yours truly,
Mr. R.

P.S. I seldom have visitors on week days.

Mr. R's story of loneliness is not unique. Several of the residents have no living relatives. Still more have their relatives so far away that frequent visits are impossible.

The Sisters and almost 70 employees see to the every need of the residents. The care provided at the Home is excellent. Besides their delicious meals they have coffee breaks afternoon and evening. There are numerous radios and TVs throughout the Home. A candy, cigarette and novelty booth is provided for the residents.

The Marguerite d'Youville Auxiliary hold monthly bingos, a Christmas party and a summer picnic for the entertainment of the residents.

This is excellent work and the Auxiliary attempts to visit the residents, but there are 160 in the home, which is a bit too much to expect of their members! We can all help bring a little pleasure into the lives of these very wonderful

VOTE ROBERT H. PARKES FOR COUNCILLOR

I like St. Albert. After having lived in various parts of the world, this is the place I have chosen to settle. The retiring civic administrators have done a great job which the newly elected councillors must carry on. This is a fast growing community and an active town council is necessary to keep ahead of this growth.

I am offering my services as one of your representatives because I feel it is my duty to devote a part of my time to civic work. I feel as you do, that the much publicized swimming pool is necessary to the town's growth. I recognize that we have a large teen-age population whose needs for a properly organized and directed recreation programme throughout the year is acute. Let us also make sure that St. Albert gets that much needed hospital.

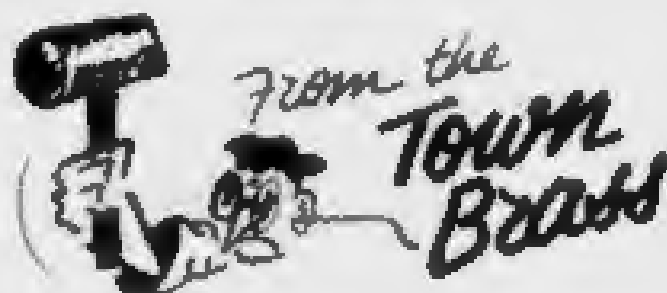

Several money by-laws have been posted for your consideration and action. If you want to make certain that these by-laws are processed, you must turn out and exercise your democratic right to vote, and when you do, remember to cast your vote for Bob Parkes.

It's BOB for the JOB !

people. Unfortunately, this is not an appeal we can satisfy with our cheque books, 120 of the residents being over 80, they have passed the joys money can buy. Their need is for a little thoughtfulness, friendship and personal visits. They love to hear about your families and tell you about theirs. They love to see children - not so often seen in the home. Some of the gentlemen play a mean game of checkers or cribbage. The ladies like to hear about the activities of our town and our doings. There are over 38 wheelchair patients who enjoy a 'walk' through the grounds on a fair day. The 61 bed patients who can not get around at all really light up when you drop in for a 10 minute chat. There are 139 Catholics and 21 non Catholics of various Christian denominations. But whatever faith they are or you are, is of little importance. The real thing here is to give of yourself to someone on in years who needs your friendship.

What guarantee have we that 40 or 50 years from now we may not be lonely and needing someone's kindness? You can visit every day from 2 - 4 in the afternoon and 6:30 - 8 in the evening. You can be sure your visit will be appreciated and the appreciation grows with every visit.

be hired as soon as possible. Several Councillors felt that a part time Recreational Co-ordinator was not sufficient for a town the size of St. Albert. Councillor DeBrujin moved that the Town advertise for a full time Recreation Director. Carried. The Board also requested telephone communication at the skating rinks. Council agreed, so each skating rink will have a telephone which will be kept locked up, with the person in charge of the rink having the key. This motion by Councillor Fowler, was carried.

St. Albert Development Ltd. There was a letter from the town solicitors regarding the claim of St. Albert Development Ltd. for \$46,000. The solicitor said that if the Town couldn't come to a decision in the case, the St. Albert Development Ltd. solicitors would take it to court. Council was of the opinion that this claim is now in a state where it should be brought for arbitration. The cause of the trouble is that St. Albert Development Ltd. doesn't accept the figures in the town's consulting engineer's (Walker & Newby) report, for which the town has paid \$6,000. Council felt that enough money has been paid for

this doubtful case and were not willing to put anymore into it. Mayor Veness said that he still has the feeling that the town doesn't owe St. Albert Development Ltd. a nickel, and it is our responsibility to our ratepayers to prove this before arbitration." Some councillors felt it would be much better to bring this before court. Councillor Wheatling moved that the Senior Administrator contact Brownlee & Brownlee (town solicitors), the town's consulting engineers and the mayor to discuss this matter in a special meeting and to decide the next step for the town. Carried. Councillor Skrobot moved that there be a special Council Meeting this Thursday regarding this matter. Carried. Deputy Fire Chief The town will advertise for the hiring of a deputy Fire Chief.

OK Construction Claim: The balance of \$6,000. of the OK Construction claim against the Town of St. Albert came up. Councillor Powell presented his report. He stated that the work for this \$6,000. was done, but it was still impossible to state who has to pay the bill. He had been in contact with Mr. Gordon Parkes, former Town Manager, Walker & Newby, town consulting engineers, and OK Construction, in several meetings. "I am not able", he said, "to advise Council any further, but I suggest that Council not honor this \$6,000. bill. Councillor Fowler moved to accept Councillor Powell's report, which means that the Town of St. Albert will not pay the \$6,000. to OK Construction. Carried.

A Message to the Electors of the Town of St. Albert from Wm. Veness

I have served the Town of St. Albert as Councillor, Mayor or Chairman for 15 years. This year I gave serious consideration to retirement from public office. However, I have let myself be nominated for the position of mayor because of the large number of citizens who have contacted me recently to ask that I do this in order to complete the work already begun to straighten out the ever-improving Town finances.

I believe you need a mayor with numerous years of experience and sound knowledge of Town affairs because:

- (a) Fifty percent of the new Council will not have had previous experience as Councillors in St. Albert.
- (b) The promotion of industrial and commercial development will need as many people as possible with good background knowledge.
- (c) Because of recent directives from the Provincial Government, we must change our administrative policies. Experienced men can do this more efficiently in order to reduce costs of local government and control our tax rate.

I have been asked about my stand on the by-law to pay the Mayor. If elected I will accept the remuneration proposed in the by-law only if my recent recommendation to abolish the position of senior administrative officer is carried out. I am sure that the net result will be an overall saving to the Town. May I remind my fellow citizens that I have served for 15 years without remuneration and if it is to the Town's benefit and your wish, I will again serve for another two years as in the past.

For a healthy community, and a stable local government I solicit your vote on October 14th next.

Sincerely yours,
Wm. J. Veness.

FOR SINCERE REPRESENTATION

I moved to St. Albert five years ago and since my arrival I have become very much involved in community affairs and can honestly say I have enjoyed meeting and working with the citizens of St. Albert. I have always been of the opinion that a person has no moral right to criticize unless he or she is prepared to do something about any given situation. I am of the opinion that the Administration of the Town of St. Albert has been much too loose. Administration costs have increased approximately 100%. I feel that economics must be effected in all phases of administration so that citizens may enjoy other benefits. Development of St. Albert seems to have been arrested in that 547 permits for houses were issued in 1962, approximately 220 in 1963 and 54 permits issued so far in 1964 while at the same time the overall development picture across Canada shows an increase of 10% over last year. St. Albert is a good town, picturesque and beautiful.

I solicit your vote and promise to do all in my power as your elected representative to consider carefully all matters relating to the Administration of St. Albert. We must go forward!

1. Sound administration policies is a must.
2. A recreation policy that will produce results and allow the Recreation Board to operate without interference.
3. To provide the children and adults of St. Albert with a swimming pool.
4. To encourage private developers to again become interested in St. Albert.
5. To represent the citizens of St. Albert in a democratic way and make myself available to the citizens as their representative.

Matter of Life By-Laws

by WJW.

Seven Money By-laws totalling \$574,580. will be placed before the St. Albert electors in the coming election on October 14. Each by-law needs a two-thirds majority for approval. Upon reading the seven by-laws, we realize that all of them are important for further healthy development of our town which is the main reason why our town fathers have brought them before the electors so they may act on their decision. What worries us is the 2/3 of the total votes and the total amount of money involved in these seven by-laws. We know by experience how hard it is to get a 2/3 vote for a money by-law, and we also know that \$574,580. is very hard on the shoulders of the taxpayers. We are afraid that having so many might kill those money by-laws which really should have the serious attention of all our citizens. Out of the seven, we selected the two which we feel are not only progressive by-laws, but "matter of life" by-laws. These two by-laws we would like to promote very seriously with the belief that we would be failing in our duty as your local paper by not informing you of the real facts.

SAFETY FOR 54¢ PER MONTH !

The first by-law which we see as a "matter of life" is the enclosed swimming pool. To date we have received 14 letters from readers in favour and 4 from readers not in favour. None of these letters in favour makes the point which we feel is most important. Let's make it clear that we are not promoting this swimming pool merely as a recreational project, or as a pleasant, healthy sport. Such promotion, with our town in its present financial position, is absolutely without value. But we would like to stress very strongly to every family and individual that each of us should be a swimmer for the plain fact that it is a "matter of life". There isn't one person in our town who isn't directly or indirectly affected by some kind of water sport. Many of us like boating, fishing hunting, etc., and many of us take our children out to one of the numerous lakes in our province for recreational purposes. And where water is, there will always be danger. We won't give you figures regarding the annual drownings in Alberta, but we would like to mention that our own town has already paid heavily with human lives in tragic drownings.

It is the sincere responsibility of each parent to see that they and their children can swim for their own safety. Unfortunately we cannot learn swimming on a baseball, football or soccer field, in a gym or at school. There is no substitute equipment with which to teach swimming. The only possible facility is a swimming pool. Football, hockey, soccer, baseball, tennis, etc., are all very important for the physical condition of our body, but they are certainly not a "matter of life".

The money by-law for a swimming pool is not for the swimming pool as just a building or a recreational centre, but as the only place where we can teach men, women, boys and girls safety for their lives. Voting for a covered swimming pool means that you understand your responsibilities towards your family and your community. Unfortunately it will cost the town quite a sum of money, but this money will be paid back a hundredfold if we save even one life. Your tax increase will be 54¢ in 1965, and will be reduced to 35¢ by 1969, surely a very low payment for "matter of life" insurance.

Please vote for your life saving covered swimming pool money by-law on October 14th. Now is your chance.

SAFETY FOR 12¢ PER MONTH !

The second "matter of life" by-law which will also come before you on October 14 is the Fire Fighting Equipment by-law which will cost the town \$25,000. St. Al-

bert is growing so fast that our fire equipment is not sufficient to assure us of adequate protection of our lives and properties. We sincerely believe that our electors will realize that this fire fighting equipment bylaw must have the two-third majority. Voting for or against this "matter of life" bylaw is once again your responsibility towards your family and your community. We sincerely hope that our taxpayers will get solidly behind this bylaw on October 14th. 12¢ per month increase in taxes in 1965, reduced to 7½¢ by 1969 is the lowest you will ever pay for "matter of life" insurance. Please vote for your Fire Fighting Equipment By-law on October 14th. Now is your chance.

INCREASE IN TAXES

If all seven of the By-laws are passed, the increase in taxes would be \$1.60 per month, less than half the price of a carton cigarettes!!

INDEPENDENT

One of the pleasant things in the coming election is the fact that in our independent town, only independent candidates are running for the various offices. No platforms from groups of people who only see each other once a year will influence the political thought and activity of any candidate. Only free, independent candidates will bring their own constructive and creative thoughts before the electors in a clean and fair battle. We have always stressed that it is not important what a political association thinks about the general town policy but it is very important to know what the candidate really thinks. He is the man we vote for, and he will be, if elected, a part of our council or school board which will plan and guide our town for the future. Therefore, we as electors, have to know his own original thoughts and ideas. This is clean democracy and assures all of us that we will have an election which will bring us on a higher standard.

Of course each candidate has his advisors which is necessary. The present municipal governments are faced with so many problems that one man alone cannot solve them. But advising is something else than a platform, created by groups which have undoubtedly influenced the original thinking of the candidate. Such a candidate has to make many compromises that his fresh, new, original, individual thoughts are no longer fresh and original.

What we need are men and women who will spend time before the election to study town policy and management over the past years and screen out those matters which are in their opinion best for our town now. Our 1964 town elections will bring great responsibilities on the shoulders of the individual, independent candidate, and we therefore expect a very interesting, lively and purely democratic election.

VOTE

BAKKER FOR COUNCILLOR

by Mrs. R. Lelabvne

Baptisms

Peter Joseph, son of Mr. & Mrs. Godfrey Phillip. Godparents Mr. Curies Rogine and Rita Jones.

Denise Louise, daughter of Mr. & Mrs. L. Mageau. Godparents Mr. & Mrs. Priesch-net.

In a solemn ceremony Sunday evening at 7:30 p.m. in the St. Albert Catholic Church the installation of officers of the Knights of the Altar took place. Taking office this year as Grand Knight is Lawrence Comeau, as President replacing Peter Lee, Vice President Wayne Channey, Secretary Guy Bourgeois, Treasurer Jacques Bourgeois.

At 8:50 p.m. in the Church basement, the Knights of Columbus were hosts at a very interesting evening, the main purpose being the presentation of awards resulting from a contest launched at the Vocation Exhibit last April 17th. The program included two guest speakers, Mrs. Therese Moberg and Father Laisnez, Director of Vocations for the Archdiocese of Edmonton. An excellent film was shown followed by a question and answer period, calling upon Fathers Laisnez, Chevrier and Morin for the information needed. A delicious lunch was served. Mr. Cliff Gallant, Grand Knight presented awards to the essay winners who were: Grades 7 & 8 - Karen Ellert, George Drohomerski, both Edmonton. Grades 9 & 10 Patricia Thompeon, Edmonton, Kevin Byrne St. Albert. Grades 11 & 12 - Barbara Calder, Morinville, Bertha Heemskerk, Edmonton.

A very fitting climax to the Vocation Exhibit still vividly remembered in its forcible impact on all visitors, is the fact that Miss Heemskerk, prize winner, is now in Montreal, a postulant in the Novitiate of the Sisters of Assumption. Members of Y.C.S. are asked to attend a meeting to be held in the church basement Sunday, October 4th at 8 p.m.

The regular meeting of the C.W.L. will take place on Monday the 5th of October. For those who can attend, Mass will be offered before the meeting. A special invitation is extended to the ladies residing on farms in the outlying areas. Also next Sunday the mixed choir will assemble to plan future practices. New members are asked to attend.

Our sincere sympathies to the Dupuis family. Mr. H. Dupuis, deceased, is the father of Mrs. L. Rousseau of this Parish.

St. Albert Catholic Women's League
The first general meeting of the new season was held with sixty-three ladies present. All members attended High Mass at the Church prior to the meeting. Mrs. P. Rossiter, District Girl Guide

Commissioner was present to speak on the Movement. It was decided that the C.W.L. will sponsor a Girl Guide Company. All the leaders will be Catholic ladies; however, it will be an Open Company. Mrs. J. Byrne was named Guide Convenor.

Council Chaplain, Rev. G. Chevrier, was present and announced that the Parish Bazaar will be held on November 22. A Bazaar Committee was appointed to bring definite plans to the next meeting.

Committee members are: Mrs. Mona Sutherland, Mrs. Leo Lancaster and Mrs. Carmot Mrs. Henry Lamoureux will be the C.W.L. candidate for Bazaar Queen

Father Chevrier will be present at the next meeting to answer any questions which are left in the Question Box at the rear of the Church.

Hostesses for the next meeting are: Mrs. Joseph Raymond, Mrs. S. Dalsell, Mrs. Wall and Mrs. G. Radon.

Following worship the parents had the opportunity to visit the classrooms and meet the teachers. Certificates were awarded to pupils for success in writing the spring examinations. During the afternoon teachers met for the final session of the current teacher training program, a course which, it is hoped, may be integrated with further training opportunities.

The "Partnership in the Gospel Program" recently got underway with Mr. Frank Glenfield as chairman. Considerable contact work has already been done in preparation for this planned program of education for mission and commitment.

Mrs. Wm. Veness

Mrs. Veness, Lily to almost everyone who has lived in St. Albert for a few years is a St. Albertan of 21 years standing. She is a member of the C.W.L. but not as active as she would like. "Bill has been serving the town in one way or another for 15 years, so with his out so much, if I go too, who looks after the children?" This is no mean task at the Veness household as there are eleven children, 10 girls and one boy. Nine of these are at home.

Lily is very happy that Bill is running in the election and hopes that he'll get the opportunity to finish the job he began so long ago. Her fondest wish is that if elected he has good men to work with. Quoting Churchill she said, "Give us the tools and we'll finish the job!"

**Mrs. Gordon
Parkes
and Family**

Mrs. Parkes, originally from Birmingham, England, has resided in St. Albert since first coming to Canada eleven years ago. In these past 11 years she has watched St. Albert develop and grown very fond of it.

Mrs. Parkes, that is, Brenda, is a member of the women's Institute and the U.C.W. She counsils for the Trio Teen Club and really enjoys young people and feels a great need for more recreation facilities for the youngsters. She feels that we need a swimming pool and with sound administration we can have one with no increase in taxes.

The Parkes' have 5 children, 4 boys and one girl. Children, along with gardening, knitting and cooking - of course, are her favourite interests.

Brenda feels the election situation is a very healthy one with many good people contesting. She realizes the position her husband is vying for is very demanding and says, "If it makes him happy - I am happy."

TOWN OF ST. ALBERT

PUBLIC NOTICE IS HEREBY GIVEN THAT ADVANCE POLLING WILL TAKE PLACE FOR THE ELECTION OF MAYOR AND COUNCILLORS ON FRIDAY, THE 9TH DAY OF OCTOBER, 1964, FROM 5:00 O'CLOCK IN THE AFTERNOON UNTIL 7:00 O'CLOCK IN THE AFTERNOON AT THE FOLLOWING PLACE

THE COUNCIL CHAMBERS, TOWN HALL, ST. ALBERT

AND

AT THE SAME PLACE, TIME AND DATE ABOVE-MENTIONED ADVANCE POLLING FOR MEMBERS OF THE BOARD OF TRUSTEES OF THE ST. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT NO. 6 WILL TAKE PLACE. AND THAT I WILL, AT THE COUNCIL CHAMBERS OF THE TOWN HALL, ST. ALBERT ON WEDNESDAY, THE 14TH DAY OF OCTOBER, 1964, AT 11:00 O'CLOCK IN THE AFTERNOON, SUM UP THE VOTES AND DECLARE THE RESULTS OF THE ELECTION.

GIVEN UNDER MY HAND AT ST. ALBERT, THIS 24TH DAY OF SEPTEMBER, 1964.

B. J. Williams,
Returning Officer

WITHDRAWAL Mr. JAMES DOBBIE

TO THE RESIDENTS OF ST. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT NO. 6

On September 23rd, 1964, I accepted nomination to seek re-election to the School Board with the intention of serving a further three year term, if elected.

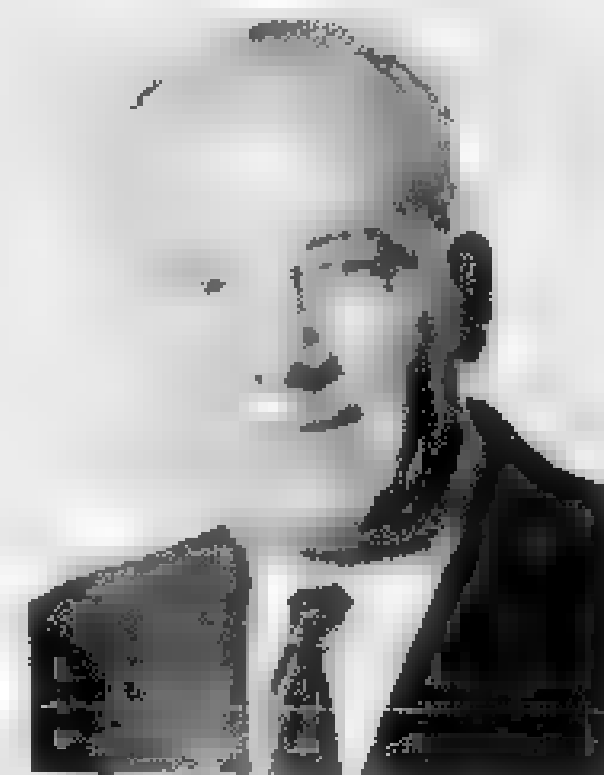

Late last week it became evident that my work was going to take me out of St. Albert and that it would be impossible for me to serve a further term.

It is with regret that I ask you to consider my withdrawal from the election of School Trustee. I would ask you not to vote for me since my election would create the necessity of a by-election and cause unnecessary expense.

In conclusion I would like to thank all those who worked on my behalf in this and past elections. I would also like to express my appreciation to all those who assisted me in carrying out the duties of office during the past seven years.

James Dobbie

FOR COUNCILLOR

DICK KEHLING

I, R. E. (Dick) Kehling, married and resident of St. Albert since 1958 with my wife Hildegard.

In April 1958, I was appointed to the position of Building Inspector and Development Officer to the Town of St. Albert and in the fall of 1959 to the position of Town Engineer till I resigned in the fall 1962. During these years of service with the town, I supervised all phases of maintenance, construction and development. I am presently attending the University of Alberta.

My knowledge and training in engineering and experience in municipal administration would certainly assist me to perform my duties as councillor.

Dick Kehling.

From Our Readers

Dear Sir,

The controversy which has raged over the Curling Rink these past few seasons is to be deplored. Many stories have been circulated, most of them being detrimental to all those interested in curling in particular, and to everyone residing in St. Albert and district in general.

In reality, we should consider ourselves most fortunate. We have a fine building well equipped, requiring only active support and participation on behalf of all curlers to consolidate a financial position which is slowly deteriorating but which is far from being hopeless.

The curling rink has never received any financial assistance from either municipal or provincial governments, although this had been promised by both parties at one time or another and subsequently reneged upon.

If this most valuable community asset is to be salvaged, the responsibility lies squarely on our shoulders and we can do it.

I appeal to all men, women and teen-ager in our community to discount whatever they may have heard regarding the inevitable downfall of curling in St. Albert, and to turn out to a general meeting which is to be held next Sunday, October 4th at 7:30 p.m. at the Curling Rink.

Yours truly,
Armand Donais.

LEADERSHIP · PROGRESS · ECONOMY

Fellow Citizens,

The question of payment to the Mayor is not a new one. To my knowledge it has caused conflict within the Town's administration for many years and was a contributing factor to my resignation as Town Manager.

The form of Government must be decided on without delay. The whole structure of administration depends on this basic decision. No administration can function efficiently if the political leader of the Town, the Mayor, is not fully in favour of the type of administration adopted.

I am firmly convinced, and this conviction is based on knowledge gained through experience and study, that a form of Government whereby the Mayor and Council establish policy, exactly as a Board of Directors would in any business, with an appointed Manager to carry out these policies is the most efficient form of administration.

The Council have full control over such a Manager - his duties are set and his authority delegated by Council. This form of administration ensures continuity of government and provides a medium whereby day to day administrative details are taken care of promptly leaving Council free to devote their time to policy decisions.

The alternative proposal, that a full time salaried Mayor carry out the duties similar to those of a Town Manager, is in my opinion, a dictatorial type of government, the Council having virtually no control over a Mayor.

The Council has now voted to maintain its present Council-Manager form of government. I cannot therefore see why the proposal to pay the Mayor has even been considered.

As you must have gathered from the above remarks, I am very much opposed to the By-Law which provides for payment to the Mayor and the principle behind such payment.

I therefore ask that in the forthcoming election you vote twice on this particular issue. If you feel I merit your support and confidence, once for me as Mayor, and once as being opposed to the payment of the Mayor By-Law.

If I am elected as Mayor on October 14th, I promise that I will endeavour to obtain the co-operation of Council to put the items contained in my platform into effect as soon as possible.

PLATFORM

1. ADMINISTRATION

Re-affirm positively the present Council policy of maintaining a Council-Manager type of Government. The Mayor to be Chairman of the Council and to provide overall leadership in all aspects of Government. The Council to fulfill their rightful role as that of a policy making body primarily leaving the administration details to be carried out by employees. Re-evaluate the overall administration of the Town with a view to effecting all economies possible and setting out precisely the duties of all town personnel, thereby creating a sense of security and pride of workmanship in all employees.

2. PUBLIC RELATIONS

Establish and maintain definite lines of communication between Council - organizations - public by all media possible thereby keeping all parties informed and interested in local affairs.

3. Encourage citizen participation in Civic Affairs by the establishment of Advisory Boards to the Council.

4. RECREATION

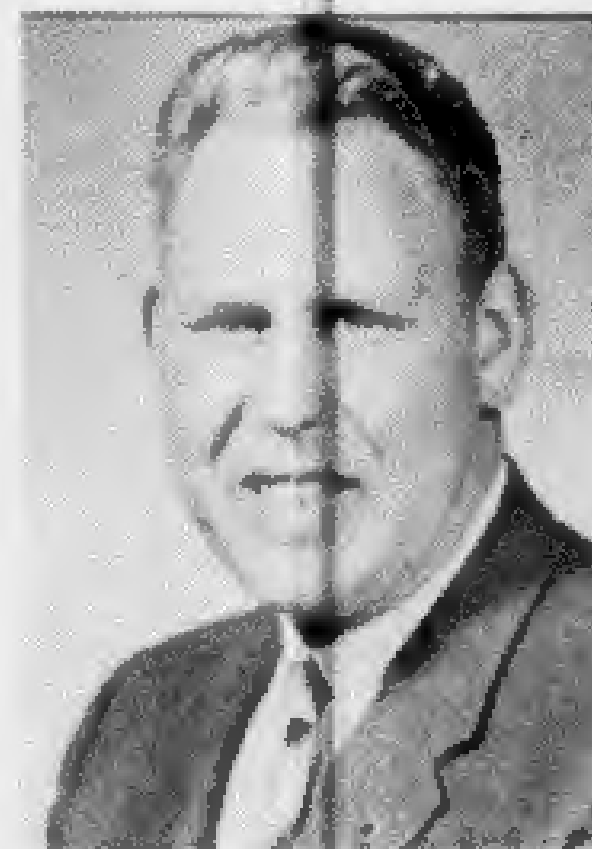

Press immediately for a major recreational area. Encourage the development of this area by the united effort of all local volunteer organizations. The construction of a swimming pool as the first major stage of development of this recreational area. Ensure that the recommendations of the Recreation Board are dealt with promptly in order that they may discharge their responsibilities in providing a recreational program without undue delay.

5. DEVELOPMENT

Establish definite policy of future development by private enterprise whereby all construction of improvements - water and sewer mains, streets, sidewalks, etc., will be carried out by private contractors at the expense of the land owner and on completion to the satisfaction of the Town to be then turned over to the Town at no cost.

6. Carry out an active programme of personal contact with Industrialists, Financial Houses, Real Estate firms, Building Contractors to re-establish confidence in the administration of the town and in the future development of the Town and to encourage their participation in this development.

7. Press for home mail delivery at the earliest possible moment.
